

COMMITMENT TO LEAN CULTURE (2015-2020)

Overall mission

VSMPO TiRus GmbH is aiming at propagating within the company the LEAN culture. On all levels of the company the people are focused on efficiency with improved employee engagement & enhancement of customer satisfaction.

Objectives & methodology

To propagate benefits and techniques of lean culture at all company levels: establish & maintain a culture of continuous improvement with removal of non-value added activities, focus on efficiency, and enhanced employee knowledge and skills. Methodology:

- ← To analyze and assess core activities of each department; check interfaces between departments.
- ← To define key projects in production: analyze processes, map value stream with focus on efficiency, assess risks.
- ← To review the analyses & results with the members of each departments. Discuss opportunities for improvement and implement changes.

Regular review:

Efficiency of TiRus GmbH processes combined with the continuous strive for enhancing customer satisfaction shall be integral parts of our daily work. The LEAN approach is not only cascaded down from management to staff level but is thought to be part of everyone's daily participation in the success of VSMPO TiRus GmbH. The objectives, methodology as well as proposals for improvement shall be regularly discussed and updated in the management meetings.
